## Highway patrol crash reports nc

Postal address 512 North Salisbury StreetRaleigh, NC 27604 The primary task of the North Carolina State Highway Patrol is to reduce collisions and make North Carolina highways as safe as possible. The state Highway Patrol has more than 1,600 officers covering 75,000 miles of North Carolina's roads, more than any state except Texas. In addition to implementing state transportation laws, state soldiers direct traffic during hurricane evacuations, rerout traffic around dangerous chemical spills, and are ready in the case of terrorist acts. State police are committed to protecting the north Carolina motoring public. Be vigilant and drive responsibly. Option 1: Name Within the date range Option 2: County within Date Range Crashes, investigated by nc state highway patrol as of May 16, 2013, is available on this system. Reports are usually recorded in the system within 5-7 working days. This report is NOT a certified crash report. You can request a certified crash report from NC DMV. When you are involved in a car accident, the officer in charge investigates and prepares a written report on the accident. This report is called an accident report or accident report and has been submitted by the North Carolina Department of Motor Vehicles to all law enforcement agencies for use. The accident report can play a crucial role in determining who is to blame and whether the insurance company offers to pay your damages. So getting a North Carolina car accident report and carefully reading is crucial. If the officer in charge was a local police officer or the North Carolina Highway Patrol, it's almost certain that the written report was completed. However, there are some rare cases where written reports are not provided and driver information is only exchanged. Some law enforcement agencies may report an accident using another form. However, these reports are important and can be copied upon request. If you want a copy of your report, you can visit the North Carolina Department of Transportation website understanding the accident reports in your accident report, although easily understood by an officer and lawyers, it can be difficult to read as an everyday driver. To help you, we've created an interactive version of the police report to guide you. It breaks down every part of the report and displays any traffic violation codes that can be listed. If you have any questions about your report, our accident attorneys are ready to help. Contact us today for a free case review. Click on the blue circle to learn more about the part of the accident report. Possible influencing factors How can an accident lawyer help? When you receive your police report, it is important that you carefully review the entire report due to errors. The slightest mistake, like the wrong one, or the mixing of vehicles may have a significant impact on your case. If you think there are mistakes in the report, you need to talk. officer or lawyer immediately. Even if your report seems accurate, you may still need another eye exam to check it out and investigate your accident further. Our lawyers, investigators and case staff have years of experience helping accident victims, and we may be able to help you as well. While you focus on recovery, we'll search the crash site, interview witnesses and take care of your medical bills. From there, we will consult with the insurance company on your behalf and stay in touch with you to keep up to date with the status of your case. Time is essential after an accident, so don't wait - contact us today for a free, unans obligation-free case review. Home > Resources > North Carolina and South Carolina Police Accident Reports > Highway Patrol Accident Reports Getting the report online is below Call our office for a free copy of your NC Highway Patrol crash report (855) 971-1114. Auger & Auger is one of the car, truck and motorcycle law firms serving North Carolina. One of the first things you want to get after you've been involved in a car accident in North Carolina is a police accident report. The crash report shows information that identifies insurance companies, eyewitnesses, estimated vehicle damage and a diagram of the crash site. Police codes solve the fault, even though they don't want to tell you, the state police actually determine the fault and place it in the accident report. However, the codes are located separately in the boxes on the side of the page and can only be recognized if you have a corresponding code form. This is the first thing insurance companies look at when setting up a fault. We can help you find this information in the crash report when you call our office with a copy of your report. We have an nc state highway patrol account that facilitates our customers' motor vehicle accident reports. If you call us, we will not only search for your report on your behalf, but we will provide you with the free consultation and information you need in connection with your claim. Getting an accident report from the Highway Patrol If you were involved in an accident on a highway, you'll get an accident report from the North Carolina State Highway Patrol. According to their website, some of the information you need to have to find your report correctly is: name in the date range of the accident, county in the date range of the accident, or report number When you enter one of these three things into their search engine, the results will appear according to their database. In order to find your report correctly and accurately, the State Highway Patrol requests that you allow at least 48 hours after the accident before searching for the report. North Carolina State Highway Patrol website is lawyers serving With over 20 years of legal experience, we will review the accident report during your free phone consultation and find out if we can help you. We've represented thousands of customers and got millions back to our customers across North Carolina.
